## SUBJECT INDEX

### A

- Abilities
  - human, 480-97
- Absenteeism
  - performance evaluation in work settings, 150-51
- Absent memory
  - constructive memory and, 312
- Abstraction factor
  - human abilities and, 484
- Academic pipeline
  - culture and psychology, 576
- Acceleration
  - giftedness and, 132-33, 135
- Acetylcholine
  - constructive memory and, 311
- Achievers
  - giftedness and, 128
- Acquaintance potential
  - intergroup contact theory and, 76
- Acquired feature detectors
  - perceptual learning and, 593
- Acquiring expertise across domains
  - social constructivist perspectives and, 345, 365-66
- Acquisition
  - language
    - emergence models and, 217-18
- Active/proactive person
  - reconciling dynamics and dispositions, 239
- Activity settings
  - culture and psychology, 572
- Adaptation
  - adolescent development and, 431
  - human abilities and, 479
  - judgement and decision making, 450
  - light
    - lower-level visual processing and, 503-31
  - perceptual learning and, 586, 605-6
- Adaptive probabilism
  - marital processes and, 175
- Adequate notice
  - performance evaluation in work settings, 157
- Administration
  - school program
    - adolescent development and, 436
- Admiration
  - marital processes and, 192
- Adolescents
  - comorbidity of anxiety and depression, 394
  - culture and psychology, 565, 567-77
  - development in alcohol, 421-22
  - changing relations between adolescents and their contexts produce development, 416-17
  - contemporary crises of adolescent behavior and development, 419-20
  - context, 421-24, 429-30
  - crime, 427-29
  - delinquency, 427-29
  - developmental course of risk behavior, 432-34
  - diversity, 417-18, 421-24, 429-30
  - drugs, 421-22
  - feature of effective programs for youth, 435-38
  - implications of features of adolescent development for research and application, 418
  - individual differences, 417-18
  - introduction, 414-15
  - key features, 415-16
  - multiple levels of context are influential, 415-16
  - policy options for promoting positive youth development, 434-38
  - prevention, 434-38
  - program options for promoting positive youth development, 434-38
  - promoting positive youth development, 434-38
  - protection, 434-38
  - resiliency and protective factors among poor adolescents, 430-32
  - risk behaviors, 420-32, 434-38
  - school underachievement/failure/dropout, 425-27
  - substance use/abuse, 421-22
  - teenage parenting, 422-25
  - teenage pregnancy, 422-25
  - United States, 420-32
  - unsafe sex, 422-25
  - violence, 427-29
  - youth poverty, 429-32
  - giftedness and, 117-37
  - intergroup contact theory and, 76
- Adopted children
  - human abilities and, 486
- Adults
  - comorbidity of anxiety and depression, 389
  - constructive memory and, 289, 301-3, 306-7, 311
  - culture and psychology, 567, 572, 575-76
  - perceptual learning and, 595, 601
- Advanced placement
  - giftedness and, 132-33
- Adversarial science
  - biased evidence interpretation and, 259, 263, 268, 279-82
- Advertising
  - consumer behavior and, 332, 334
- Advocacy
  - biased evidence interpretation and, 259, 268, 280-81
- Affect
  - consumer behavior and, 326-27
- Affective ties
  - intergroup contact theory and, 65, 71-72

- Africa
  - culture and psychology, 565
  - human abilities and, 481, 482
- African Americans
  - adolescent development and, 422-25, 428-31
  - culture and psychology, 566-69, 576-77
  - human abilities and, 490
  - intergroup contact theory and, 67-69, 77
  - perceptual learning and, 598-99
- Age
  - adolescent development and, 434
  - brain plasticity and behavior, 43, 56
  - cognitive neuroscience of human memory and, 85
  - constructive memory and, 289, 301-3, 311-12
  - consumer behavior and, 329
  - culture and psychology, 571
  - perceptual learning and, 600
  - performance evaluation in work settings, 156
- Agency theories
  - culture and psychology, 574-75
- Agoraphobia
  - comorbidity of unipolar mood disorders with diagnostic comorbidity, 385, 387
- AIDS victims
  - intergroup contact theory and, 68, 72
- Aid to Families with Dependent Children (AFDC)
  - adolescent development and, 429
- Akaike information criterion
  - categorical data analysis and, 543
- Alabama
  - intergroup contact theory and, 67
- Alcohol
  - adolescent development and, 413, 421-22
- Algorithms
  - biased evidence interpretation and, 269
- categorical data analysis
  - and, 539
  - human abilities and, 494
  - perceptual learning and, 593
